MEET YOUR CHATRBOX

BATTERY & POWER OPTIONS

Gently remove battery cover from case.

Insert 4 AAA 1.5V batteries. Replace cover securely.

Or use USB-C cable (included) with a 5V USB adapter (not included).

POWER ON / PAUSE MODE

Hold Power Button until you hear "Power On" and see a slow-blinking blue light.

ChatrBox starts up in Paused Mode (no monitoring) until ready to use by

RECORD A MESSAGE/COMMAND

Hold ChatrBox ~12" away, Press and Hold Record button, speak after the prompt, then release to hear

SELECT PREFERRED TRAINING MODE

Click Record Button repeatedly to cycle training modes.

Mode 1: Alert & Command (default)
Mode 2: Alert Only (no lights)
Mode 3: Command Only (no lights)

Stop when you hear your preferred mode.

ADJUST VOLUME

Click Volume Button until voice prompt confirms preferred level (1-5).

AIMING & START MONITORING

Aim sensor towards training thing, area or protected target.

Distance sets detection target zone size (1' - 15')

Click Power Button once to Unpause to start monitoring and activate training mode.

FOCUS SHIELDS

Use Focus Shields for more precise triggering and to block non-targeted areas.

WIFI SETUP (OPTIONAL)

LIVE MONITORED TRAINING

1. Hold Volume button until "Connect to WiFi" prompt is heard.

2. On your phone, join ChatrBox network "WiFi Connected" message will play.
3. Open the page, press "Train" while watching your pet, then press "End Training" to finish. REWARD!
